CLEANING SERVICES
TODAY · TOMORROW · FOREVER

Cleaning that thinks beyond just your environment.

today, tomorrow and forever

01

Who we are

224 was built on a simple question: why is clean so often associated with harsh? Strong smells, residue on every surface, dust pushed back into the air.

224 Services is a premium, low-toxic cleaning company on the Gold Coast, caring for homes, workplaces and the people who live and work inside them.

We started with the products. Every chemical we use is GECA certified (Good Environmental Choice Australia), independently assessed for its impact on people and the environment. Nothing enters your space on a promise alone.

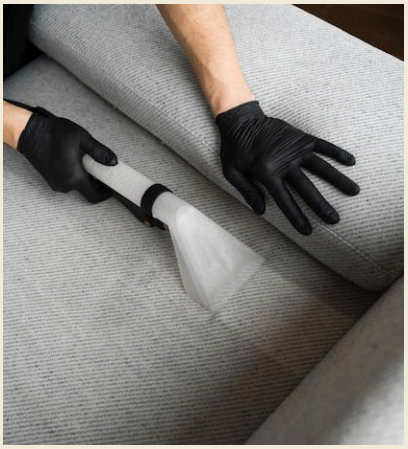

Then the equipment. Our HEPA filtration vacuums capture fine dust and allergens rather than blowing them back into the room, so the air you breathe after a clean is as considered as the surfaces you can see.

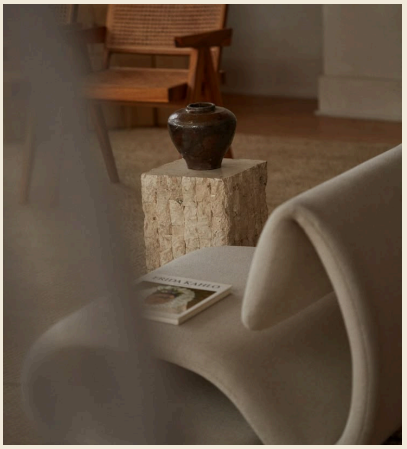

Then our people. We build a team that feels supported, trained and proud of the work they do. When our people are cared for, so is your space.

We care for luxury homes, busy families, professionals, retirees and athletes, along with offices, showrooms, real estate agencies and holiday rentals from Hope Island to Coolangatta.

Our name is our promise. Two, two, four: today, tomorrow and forever. The care you receive on the first clean is the care you can count on for every clean after it.

At its heart, 224 is not built on shortcuts.
It is built on caring for you and your environment as one.

02

Why 224 exists

At 224, we think beyond just cleaning. We see you and your environment as one.

Your home is where you rest, recover and raise your family. Your workplace is where you spend most of your waking hours. Both deserve to be clean without trading one kind of harm for another.

The air in your space is the air you breathe. The places you rest and work are where your body recovers for the week ahead. So we consider all of it: low-toxic products, HEPA filtration to reduce dust, and reliable service you never have to think about.

Our job is to make your life run smoother, with a healthy environment at the centre of everything we do.

Because a clean space is more than surfaces.
It is where your health begins.

OUR PHILOSOPHY

A clean space is more than surfaces. It is where your health begins.

today, tomorrow and forever

We imagine a Queensland where clean never comes at the cost of health. Where homes and workplaces support the health of everyone inside them. Where busy parents and business owners get their time back. Where athletes recover in spaces that support their performance. And where every client, no matter how often we visit, receives the same standard of care.

03

What you can expect

At 224, a clean is never rushed or careless. We understand that letting someone into your space takes trust, and that trust is built visit by visit. When 224 comes to you, you can expect:

Low-toxic, proven products

Every chemical we use is GECA certified. No heavy fragrances, no harsh residue left behind on the surfaces your family touches every day.

Cleaner air, not just cleaner floors

HEPA filtration vacuums trap fine dust and allergens, and high dusting is done by vacuum, so particles leave your space rather than settle back into it.

A team chosen with care

Our team is carefully selected, trained in The 224 Standard and supported to bring care and attention to detail into every space.

A personalised experience

Every service begins with an in-home walkthrough, so we understand your space, your priorities and how you live or work before we tailor your clean.

Consistency you can see

Room by room checklists, photo quality checks and regular check-ins mean every clean meets the same standard, every time.

Our forever promise

If you are ever not satisfied with a clean, let us know and we will return to make it right, free of charge.

"A clean space should give you your time back, and never take anything from your health."

FOUNDER, 224 SERVICES

04

Our services

Premium, low-toxic cleaning for homes and workplaces. Every service is quoted to your space, never a one-size-fits-all package.

01 Regular Home Cleans

Weekly or fortnightly, always to standard.

Ongoing care for your home, so it stays fresh without you lifting a finger.

02 Deep & Spring Cleans

The reset your home has been waiting for.

Top to bottom detail, inside, behind and beneath, for a true fresh start.

03 Bond Cleans

End of lease, handled properly.

A thorough, checklist-led clean prepared for the final inspection.

04 Office & Commercial

Healthier workplaces, better days.

Offices, showrooms, boutique retail and real estate agencies, cleaned around your hours.

05 Airbnb & Holiday Turnovers

Five-star ready, every check-in.

Reliable turnovers between guests, with linen changes available.

06 Pre-Sale & Move-In

First impressions, perfected.

Present a property at its best for sale, or begin life in a new home with a clean slate.

07 Post-Build Finish Cleans

From building site to handover.

Fine construction dust removed from new houses and apartments, ready for keys.

08 Pre & Post Event Cleans

Host beautifully. We will handle the rest.

Private homes and venues prepared before guests arrive and restored after they leave.

09 Athlete Homes

Recovery starts at home.

Low-toxic cleaning and cleaner air for those who train hard and need to rest well.

10 Add-Ons

The details, taken care of.

Inside oven, inside fridge, interior windows and tracks, kitchen cupboards and linen changes.

SERVICE AREA

Hope Island to Coolangatta, Gold Coast. All services are quoted following a personalised walkthrough of your space.

05

Why 224 is different

The heart behind the promise.

We see the person, not just the space	Every space belongs to someone. We take the time to learn how you live and work, what matters most to you, and what would make your week feel lighter.
Your health at the centre	We think about everyone inside your space, from little ones and pets on the floor to the athletes and professionals resting for the week ahead. Every choice we make starts there.
Personal from the very first visit	Every service begins with a walkthrough of your space, so your clean is shaped around you and never pulled from a template.
Someone you can rely on	We arrive when we say we will and leave your space the way you hoped to find it, so your clean becomes one less thing to carry in a busy week.
A relationship, not a booking	Today, tomorrow and forever is more than our name. It is how we look after the people we work with, for as long as they choose us.

We do not just clean spaces.
We care for the people who live and work in them.

06

A message from our founder

When I set out to build 224, I did not want to start another cleaning company. I wanted to change what clean means.

So many of us work hard to look after our health: what we eat, how we move, how we rest. Then we fill our homes with products that undo it. I wanted every space to support your health, not quietly work against it.

I also saw how much people carry. Business owners stretched thin. Parents with no hours left in the day. People who would love a beautiful home but simply do not have the time.

Cleaning should promote your health. And your time should be yours again.

That is why we chose GECA-certified products, HEPA filtration and a standard every cleaner follows in every space. It is why our name carries a promise: today, tomorrow and forever.

224 represents health. It represents trust. It represents the quiet promise that you and your environment are cared for as one.

This is our mission. This is our commitment. This is 224.

With gratitude,

Get in touch

Every relationship with 224 begins with a conversation, never a contract.

Book your personalised walkthrough online, or call or text us. We will get to know your space and tailor a clean around it.

Business owners, real estate agents, property managers, builders and Airbnb hosts are warmly welcome to reach out about ongoing or one-off work.

No pressure. Just a healthier clean, whenever you are ready.
